

CREATE A CULTURE OF INCLUSIVITY, RESPECT & UPSTANDING STUDENTS

Starting Year 7 is a significant milestone for every student. It's a time of excitement, change and new challenges; however, this can also be a period of uncertainty and anxiety as students navigate new environments, make new friends and adapt to higher academic expectations.

The transition can feel overwhelming and that's why it's crucial to provide the support your students need to thrive!

Through our "I Belong - Year 7 Transition Program", we aim to ease this adjustment by promoting a sense of **belonging, unity and confidence**, ensuring that every student feels valued and ready to succeed in their new chapter!

I BELONG

YEAR 7 TRANSITION PROGRAM
WITH ERIC AGYEMAN

WHY IT MATTERS

Every school faces a critical challenge: creating a community where every student feels valued and included. The pursuit of a school culture that embodies zero tolerance for bullying and fosters respect is essential ...

That's exactly where the "I Belong - Year 7 Transition Program" makes a difference!

Our program is proven to transform the school experience, ensuring that each student feels welcomed, genuinely seen, heard and embraced as a vital part of the school community.

"The most engaging presenter we've had! Teachers loved it and students were the quietest they've been all year in a 1 hour presentation. Thank you Eric for a memorable Transition Day Program!"
- Wellbeing Coordinator

WORKSHOP HIGHLIGHTS

"I Belong" is a unique Transition Program focused on building a strong foundation for new Year 7 students. Our goal is to ensure every student feels welcomed, valued and ready to embark on their high school journey with confidence. The program emphasises:

THE POWER OF WORDS

Understanding how language can build or break relationships.

EMPOWERING UPSTANDERS

Equipping students with strategies and tools to stand against racism, bullying and negativity to promote a community of support and kindness.

PROMOTING UNITY

Engaging activities and group exercises aimed at promoting unity, respect and empathy among students.

WHY CHOOSE 'I BELONG'

TRANSFORMATIVE IMPACT

'I Belong' has a track record of transforming school cultures, reducing incidents of racism and promoting a sense of belonging among students.

TAILORED APPROACH

Customised sessions designed to address the specific challenges and aspirations of the school, ensuring relevance and effectiveness.

OUR FACILITATOR

A victim of racial bullying in primary school, Eric had first-hand experience of being bullied.

Being the only African in his school, Eric experienced constant teasing, isolation and fear which led to him missing many days of school. The bullying led to anger and other emotions which he didn't know how to identify or navigate at the time. This would lead to 4 suspensions by Year 8.

From being a **Gang Member** in High School and labeled 'at risk', two decades later Eric was awarded the **African Australian Community Impact Award** in 2022 for his work as a youth mentor and speaker! Eric's story is one that will inspire your students!
