

Positive Parenting School Presentation

The 5 Biggest Challenges your pre-teen & teens are facing right now and how to support them before it's too late!

The Challenge

The adolescent years are a transformative phase filled with complexities, and as parents, it's natural to feel uncertain about how to best support our children during this time. The pervasive influence of technology can expose our kids to peer pressure, bullying, and mental health struggles. However, we can embrace this opportunity to gain a deeper understanding of their challenges and provide them with invaluable support and practical tools to help them build confidence and resilience while fostering meaningful connections with them.

Topics Covered

- ▶ What Parents need to know about the 5 biggest challenges teens are facing post Covid-19
- ▶ 5 simple and actionable steps to build a meaningful relationship, restore trust and joy with your children
- ▶ 3 practical ways to empower your child to become Bully-Proof at school, online and in social gatherings.
